Report from Assessor Kim Anderson
Board Meeting
Monday, April 18th

We have NOT yet received our final factor determined by the State of Illinois and Will County for tax year 2022. We have never had to wait this long for a final factor and are certainly hoping with next year being the quadrennial assessment year we get this information much sooner. To reassess over 20,000 parcels is no small task and it literally takes us months to complete. Our deadline with the County is mid-June.

3 PTAB's were received:

Joliet HI Hotels – is the newer Holiday Inn off of Houbolt Road that was built in 2018. Troy and Joliet West as interveners obtained an appraisal for submission to the State to combat the appraisal submitted by the appellant. There is a pretty large difference between the two so there will be negotiations in order that will be completed by the County.

Liberty Illinois – is a 408,000 square foot warehouse located off of Houbolt that submitted PTAB's for 2020-2021 that have been settled by the County for an assessed value lowering of \$171,920. The current value of \$14,545,983 will remain through 2022.

Tomorrow my newest employee Oriana Bravato will begin working 4 days a week. This will complete staffing needs for my department hopefully for a long time to come. It has become increasingly difficult to find staff members let alone retain them. This person found our job opening on the Will County Workforce site. We have done many Facebook posts and eblasts and even went with one temp agency to assist us in finding candidates as well as using Indeed. We were refused by one temp agency due to our starting pay being too low.

I want to thank those of you who are in favor of the assessor office renovations. This space other than paint and carpet has not been touched since 1985. All Troy Township staff, deserves a nice, clean and functional space to work in. Our Township is certainly not getting any smaller and having adequate and functional space to work in is a necessity to ensure that our taxpayers are getting the services they deserve and ensuring our employees can do their best to make this happen. We certainly are NOT asking for the most expensive top- notch improvements. The Assessor's office has always been very conservative with spending tax dollars and this project does not change that fact.
