HIGHWAY DEPARTMENT REPORT: Highway Commissioner Ward presented the following:

- Leaf pick-up is ongoing but nearing 90% complete. Utilizing one vac unit for the remainder will allow for trucks to be prepped for snow removal.
- Recently purchased a “newer/used” leaf vacuum, and this unit is left-handed. The advantages of this unit are efficiency and safety. The position of the vac operator is on the same side as the truck driver for coordination, and it operates against the normal flow of traffic which safeguards/shields the vac operator from traffic approaching from the rear.
- Shepley Road Bridge over I-80 was slated for November 2023 completion. The bridge pour experienced rainfall, and core samples have been sent to a lab for quality control and analysis. Upon acceptance by IDOT, the bridge will officially open.
- As mentioned previously, there was additional asphalt overlay by D Construction from the Shepley Rd. bridge (I-80) approach west to County Line Rd. and east to S. Ingolsby Rd. Even though the IDOT pricing unit was \$92/ton, the contractor honored \$72/ton from the Road District contract earlier in the year (Timberline Dr., etc.)

ASSESSOR’S REPORT: Administrator Dylik presented the following report on behalf of Assessor:

- One new appeal brought the total to 60 appeals for the quad-year.
- Appeals hearings began on October 16 and will conclude on November 2. Several hearings are scheduled throughout the next few weeks.
- To date, a total of 23 agreements have been reached on both residential and commercial appeals respectively.
- A spreadsheet was distributed that notes all assessed value appeals that exceed \$100,000+.
- The “new construction” deadline was Friday, October 6 and all properties were input.
- Field Staff will gather information on the 2023 permits to prepare for next year.

TOWNSHIP COLLECTOR’S REPORT: No report and Happy Thanksgiving to everyone.

SUPERVISOR’S REPORT: Supervisor Baltz presented the following:

ADMINISTRATOR'S REPORT: Administrator Dylik presented the following:

- The grant application paperwork was resubmitted at the request of the DCEO with a considerable amount of detail required. The capital improvement grant was secured by IL State Representative Larry Walsh, Jr. and was slated for the Township and Road District renovations.
- The Shepley Rd Bridge update from Willett Hoffman included a meeting with IDOT to review plan comments and responses. They addressed design variances and National EPA reports for federally funded projects.
- Assessor Anderson and I are working with the Township attorney to modify employee handbook policy to comply with the "Paid Leave for All Act" 2024. This goes into effect on January 1, 2024, and the proposed handbook policy change involves personal leave, PLFAW, and vacation hours.
- Reminders of the Senior's Holiday Party and the Office and Highway Department holiday lunch. December 5th at Al's for the Senior's - RSVP with Cindy by tomorrow November 21, 2023. December 21st for the Department's - RSVP with Jen by December 13, 2023.
