

One Troy, One Hauler

Refuse, Recycling & Yard Waste Collection

For Residents of Unincorporated Troy Township

The Current Situation

Residents must negotiate individually with haulers.

Recycling, yard waste, and bulk items are often extra charges.

Costs vary widely—even for the same services.

3–4 haulers operate in the area, with trucks on our roads multiple days per week, causing added wear and tear.

The Referendum Alternative

One Troy, One Hauler Program

With voter approval, Troy Township will contract with a single hauler for refuse, recycling, appliance, and bulk goods collection along with an option for yard waste.

Contract awarded through a competitive bidding process.

Lowest responsible bidder selected.

Residents will have individual accounts with selected vendor for payment of services.

✓ Available to all homes in unincorporated Troy Township.

✓ Weekly refuse collection – 95-gallon cart provided.

✓ Weekly recycling – 95-gallon cart provided.

✓ One (1) appliance collected weekly.

✓ One (1) bulk item collected weekly.

✓ Yard waste pickup (April 1 - Nov 30) optional with annual subscription (fees will apply).

✓ Opt-out available, provisions apply.

✓ Less truck traffic on unincorporated residential roads. Pavement should last 3 - 4 times longer.

When to Vote

General Primary Election
March 17, 2026

Ballot Question:

Shall Troy Township...be authorized to enter into a contract for the collection, disposal, composting, and recycling of garbage and refuse for residents of the unincorporated areas of Troy Township? YES NO
